## Nardi Pledges Tax Relief

Former member and chairman of the Agawam Board of Selectmen, Frederick Nardi, addressed a meeting of interested and concerned taxpayers last Wednesday evening. A question and answer period followed his remarks.

He spoke of the need for prudent and responsible fiscal leadership on the part of the Board of Selectmen as being absolutely necessary in maintaining a reasonable tax rate.

"During the past few months the political scene has been moving fast and furious. Many candidates have announced their intentions to run for the very important office of Selectman in Agawam. I am confident I have

the ability to plan a workable program and to provide the fiscal leadership needed to reduce the tax rate to a reasonable level. During my three-year term as Selectman of Agawam you were given an \$8 per thousand reduc-

tion in 1965, a \$1 per thousand decrease in 1966, and finally in 1967 the tax rate stabilized at a reasonable level. This was the first time in the recent history of Agawam that a reduction of the tax rate occurred. Many folks (Continued on Page 6)

## "Joe" Napolitan Democratic Candidate For Selectman's Seat

Agawam is a good town with great potential. Unfortunately, we have several serious problems facing us. Our tax rate has increased \$27 in two years; and we are told the best we can expect is to curb further increases. Our schools are already crowded — and we must make provisions for additional space for kindergarten in 1973. The Dept. of Public Works is badly in need of a proper garage and a larger storage area for equipment. Rubbish collections should give a more complete service. Our Police Dept. facilities are inadequate and outdated. We need more youth programs — and possibly a teen center.

These are but a few of the problems Agawam is faced with. In each case there is a solution — but these solutions necessitate spending money which results in higher taxes. I do not claim that I can solve our problems without spending money — but I can assure you I will dedicate myself to taking prompt action as economically and efficiently as possible.

One reason our taxes are up is because for the past several years (and, in fact, at this very writing) Selectmen have played politics with the most important committee in town the Finance Committee. They have placed friends on this committee and removed dedicated workers. At town meeting they have failed to

support the Finance Committee which works so hard to maintain fiscal balance. If elected, I promise to place the most highly qualified people on this committee, and to give them my full support.

Another reason for high taxes (Continued on Page 6)

## Community Grange Program Tuesday

Community Grange will meet Tuesday evening, the 21st at the Grange home on Northwest St., Feeding Hills.

Following a short business meeting Mr. and Mrs. H. Ellsworth Bostwick will show their pictures of Spain and Portugal. During a two weeks trip last spring they visited many interesting and beautiful cities in these two countries. A brief visit to Northern Africa across the narrow Strait of Gibraltar at the entrance of the Mediterranean Sea was included in the tour. A most enjoyable program is anticipated as these travellers show their beautiful pictures.

Guests and friends of Grange members will be most welcome to attend the program beginning at 8:45 p.m.

Mr. and Mrs. Chauncy Watrous and Mrs. Alice Smith will serve refreshments after the close of the program. All are invited to remain for this social hour.

## Jr. Women's Club To Meet Tuesday

The October meeting of the Agawam Junior Women's Club will be held on Tuesday, the 21st, at the Captain Charles Leonard House at 8.

Mrs. Arthur H. Jarvis, president, will conduct the business meeting after which Mrs. Richard R. Benoit will initiate the program for the evening entitled "Pot Pourri."

Mrs. Clyde A. Spaeth wishes to thank the public for the support given the car wash to their newly formed youth group.

## South PTA Drug Alert Program Set For Friday At High School

The South School Parents and Teachers Association through their President, Harold Burnett urges the towns people to attend the Drug Awareness Program sponsored by the Association this Friday evening, the 17th, at the Agawam High School at 8.

A great percentage of children have knowledge of drugs some of them have used them — others have been where drugs have been used.

Parents can help to a great extent by first taking the threat seriously. Facing the issue squarely and aid in fighting drug abuse in our community. This program includes a play "A Penny For Your Thoughts" which is an modern efficient method to not merely entertain but to educate on narcotics and it's relationship to crime.

The play will be presented by the Chalkliners Drama Group Directed by Doreen J. Deliso — Cast: Pam Jones, Bob Hertz, Lillian Carmel and Mike Montararo; production staff: Mrs. James Sgorbatti, Mrs. Eleanor Piccin and Mrs. Richard Davis.

A panel of authorities on narcotics has been coordinated by Joseph M. Faucette, a probation

officer of the District Court of Springfield. Police Chief, Kenneth Grady has assigned Detective Edward G. Borgatti to represent the Agawam Police on the panel.

Other members of the panel are: Terry A. Aberdale — Director of the Bureau of Drug Abuse Education, Mass. State Pharmaceutical Association and Director of the Springfield Drug-gist' Association. Ronald J. Niziankiewicz—Juvenile Probation Officer of the District Court of Springfield. Peter Carr — Asst. District Atty. of Norfolk County, Mass.

There will be displays of narcotics from the District Atty. and the Pharmaceutical Association so that you may observe these drugs and become familiar with their appearance. Literature on drugs will be available.

Wayne LaRiviere, president of the Agawam High Student Council will have council members along with the members of South PTA to accept questions on drugs from both children and adults in attendance. These questions will be given to moderator — Paul Fieldstead who will direct the questions to the

above members of the panel.

Police Chief Kenneth Grady and the Agawam Police Association with the interest of the community have been instrumental in helping promote this program to help the citizens protect themselves through learning more about how to fight drug abuse.

## St. John Cites Experience In Housing Authority Bid

Alfred J. St. John, candidate for a seat on the Agawam Housing Authority, today expressed a deep concern for the direction of the future growth of housing needs for Agawam and is convinced that the local Housing Authority must play an important part in directing the efforts of our community in the administration of the new low-cost housing

acted law with proper consideration for controlled development of housing for the benefit of all of our citizens. The key to proper administration of this law lies with the ability of the local housing authority to provide the kind of leadership that is needed to prevent the helter-skelter growth of low-cost housing.

# The 1970 VW will stay ugly longer.

Just what hath Volkswagen wrought this year?

A longer-lasting engine, that's what.

It's more powerful than the old engine. (Top speed: 81 mph vs. 78 mph.)

It has better acceleration.

But most important, it doesn't have to work as hard to get you where you're going.

Thus, according to every calculation known to man, it will last even longer.

And just to make sure the engine and every other VW part leads a long, happy life, we have another surprise for 1970:

The Volkswagen Diagnostic Checkup.

Now before the name scares you away, listen to what it is:

VW Diagnosis is an exclusive service checkup by specially trained technicians using specially

made diagnostic equipment.

The equipment is faster and more thorough than any mechanic alive. It's so advanced, it can actually tell you you have a problem early, before it becomes a real problem.

For instance, let's say the resistance in one of your spark plug wires is too high.

Nothing serious, but it could reduce your gas mileage and eventually foul up your spark plugs.

During a Diagnostic Checkup, our equipment can find and we can fix this problem in a matter of minutes.

When you buy a new VW, you're entitled to four of these

advanced checkups free.

What could be a better deal than that?

You buy a bug.

We take care of the bugs.)

# Know Your Candidates

## Former Official Endorses Dahdah

Irving R. LaFleur of 14 Washington Ave., Agawam, a former chairman of the Board of Selectmen today endorsed B. Edward Dahdah, who is a candidate for selectman in the Town of Agawam, at the Democratic caucus to be held on Oct. 18.

LaFleur who has served as a member of the Finance Committee, High School Bldg. Committee (original), Town Moderator, Robinson Park School Bldg. Committee, Board of Appeals, Town Meeting Member and present member of the Personnel Board,

said he has known Mr. Dahdah for many years and during his acquaintance with Ed has worked on many complicated and complex problems with him and other people. In my opinion Ed has a very unique personality, one that is found in not too many people, especially those that are willing to associate themselves in a job or problem that is very time consuming and all to be done or solved on a part time basis.

LaFleur went on to say that the Board of Selectmen are the administrative head of the Town and are expected to think and work for all the people both in monetary and material way. In a monetary way they should guide the Town in controlling the expenditures of operation. This he said is best done by guiding actions of the finance committee (who they appoint). In a material way they should be well informed of the needs of the Town, e.g. installing roads, sewers, water lines, street lighting and all services, and still stay within a certain budget break even point.

In conclusion I appeal to all Democratic and Independent voters to give B. Edward Dahdah the opportunity to prove that this town can be helped with him as one of our selectmen, by casting your vote for him on Oct. 18th.

Irving R. LaFleur

## Nardi Pledges . . .

(Continued From Page 1)

were quick to say that I had nothing to do with this but rather it was a function of the town meeting members.

"I was elected and your tax bill was reduced approximately \$60 per taxpayer. When I sought re-election making the same claim, my opponents said they could do as much. I lost my bid for re-election and your tax rate increased approximately 38%. The average taxpayer's tax bill was about \$130 greater in just two years time.

"This year I had not planned to seek any office in the coming election; however, during the past few weeks many concerned citizens of Agawam started circulating a petition to draft me for the office of selectman. The response was gratifying to me and was a prime factor in forcing me to re-assess my previous position. As one taxpayer to another, I would consider it a privilege to serve the community to the best of my ability.

Agawam's annual budget is in excess of 5 million dollars. This is your money — it should be spent wisely. Perhaps my business career may qualify me in your mind for such a responsible position as selectman. My administrative ability is a matter of record in directing a multi-million dollar business. I have been associated for the past 28 years with one of the largest companies in the food industry in the United States.

If elected I will accept the challenge of Agawam's spiraling tax rate and I will work hard to implement the same programs that I had started for Agawam's citizens. In 1965, '66, '67 when all enjoyed a reasonable tax rate with improved services, such as more paved roads than ever before, a new water distribution system almost entirely paid by federal funds, excellent snow removal for all areas, more street lighting than ever before, more fire protection and a better organized police department. My tenure in office was a record of reduced taxes in Agawam while many of the other 380 cities and

towns in Massachusetts had increases in their tax rate.

"An election should mean a great deal more than party politics to all of us. Your vote should express your judgement of which candidate can produce the results you desire.

"I ask your support in the upcoming democratic caucus on Oct. 18. I need your support now. I ask every democrat and every eligible caucus voter to vote for another tax rate cut on this day.

FREDERICK NARDI

## Joe Napolitan . . .

(Continued From Page 1)

is that the past administrations have been cold to business interests in our town. I have been in business in Agawam all my life, paying substantial taxes. With my background and experience I am confident I can attract new business to Agawam; thereby curbing or reducing our tax rate. I have thoroughly studied our industrial property and have plans to present to the Industrial Commission which would revitalize our industrial park.

In 1965 under Chapter 70 School Reimbursement, the sales tax was passed. At that time Agawam received \$195,000 — in 1966 this was increased to \$248,000 and in 1967 it went up to \$385,000, a total of \$828,000 reimbursement. As a School Board member I have continued to fight for our full entitlement from the state sales tax, with the result that we should now receive \$600,000 in 1970.

I am entering the race for Selectman after 18 years of experience in town government with a firm pledge to dedicate myself to the best interests of Agawam, and a program of positive action. On the issue of prayers in the schools I have begun proceedings to return prayer to the schoolroom. I have actively campaigned for vigilance in preventing the use of drugs by our school children.

I am keenly aware of the problems facing Agawam, and firmly believe I can help solve many of them. To do this I need the help of you townspeople at the Democratic Caucus on Oct. 18, at the Junior High School.

There will be an open rally tonight at St. Anne Country Club. . . come and meet Joe Napolitan.

## COACH'S CORNER . . . by Cliff Kibbe

Last Saturday the Agawam football team suffered the worst defeat in the history of the school — 60-8. The question on everyone's lips has to be — "What happened?" Is our team that bad? What's going on? The answers to the questions are not

STEVE NOONEY

simple to state. It would be easy for me as a coach to state injuries or lack of desire by the team but this is not the case.

The answer to these questions is not that the team was not mentally ready. We were, if anything, overly-ready. We made stupid mistakes early in the ball game and Holyoke capitalized on each and every one of them.

They had three touchdowns in the first four minutes of the game — one long pass — one reverse and one kick-off return. This — not what followed — is what set up the final score. At this point, we tried to get back into the game with first down passes, reverses deep in our own

territory — the game plans had to be shelved.

At this point, Holyoke had the tide going with them and we were just not strong enough to give away what we did and come back. Finally, our heads went down — then came TDs by the handful.

Holyoke has some great backs. There is no taking that away from them.

We can only apologize as a staff and football team — the town deserved more than it got

last Saturday. In spite of this humiliating loss, we thought
